- Future Meeting Agenda Requests
- Appreciation
- Future Meeting Schedule
  - October 2 (zoom) – tentative focus on Tree Maintenance and Preservation
  - November 6 (zoom)
  - December 4 In person Social

# Advantage Pinellas 2050 Transportation Plan

Advantage Pinellas 2050 Update:

Advantage Pinellas is the countywide long range transportation plan for Pinellas County that integrates future land use.

Adopted by the Board in November 2019, the long-range transportation plan is required to be developed every five years to account for changes in transportation needs, land uses and shifting regional travel patterns and any demographic changes that may have occurred.

As the metropolitan planning organization for Pinellas County, Forward Pinellas is responsible for this planning effort. The plan encompasses the Pinellas Suncoast Transit Authority (PSTA) Community Bus Plan and other local transportation initiatives. Advantage Pinellas will identify future transportation needs and prioritize those needs for funding within a strategic planning framework that includes potential redevelopment areas, equitable economic growth, long-term housing needs and resilient infrastructure.

Forward Pinellas staff will provide an overview of the recent kickoff of the development of Advantage Pinellas 2050, highlight the public involvement website, and discuss the early planning efforts that are underway
